AI phone assistant by bhomy

bhomy's AI phone assistant answers calls around the clock, seven days a week. It handles inbound and outbound calls.

What the assistant handles

- It can transfer calls to a person.
- The assistant books appointments in Cal.com, Google Calendar or Outlook.
- It speaks more than 50 languages.
- Setup takes 5 minutes.

Languages, voices and templates

- More than 100 voices are available, more than 50 of them premium voices.
- 15 industry templates make it easy to get started.

Appointments, connections and knowledge

- Connections to CRM and ERP systems and to Shopify are possible.
- PDF documents can be uploaded as a knowledge source, with text recognition and semantic search.

Data protection and legal

- Web interfaces, data storage and real-time communication run in Frankfurt am Main. The language models are obtained through an inference broker; some of their providers are based in the USA. Providers and the legal bases for transfers are disclosed in the data processing agreement.
- Call transcripts are deleted automatically 30 days after the call.
- For customers bound by professional secrecy, bhomy.ai gives a confidentiality undertaking under Section 203 of the German Criminal Code (StGB).
